SKILLS

- Project Management
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English
- French
- German

HOBBIES

Comedy, Sports, Reading

REFERENCE

Prof. Dr. Peter Winker

Full professor of statistics and econometrics, – Justus Liebig University Giessen
peter.winker@wirtschaft.uni-giessen.de

PROFILE

Data science student focused on modelling, analysing and visualising numerical and text data for prediction and pattern recognition. Driven by devotion and perseverance.

EXPERIENCE

- Master's Thesis · Justus-Liebig-Universität Gießen – JLU Gießen** 2026
 - Investigated how immigration discourse relates to economic conditions in Germany using NLP (Doc2Vec, custom dictionaries), LLMs and a VAR model.
- Research Intern – NLP & Data Science · JLU Gießen** 2025–2026
 - Developed an automated NLP pipeline to measure fiscal-policy sentiment in parliamentary debates using Python, Apache Airflow, Docker, and PostgreSQL.
- Internship · Center for Materials Research, JLU Gießen** 2024–2025
 - Developed an ML-based method for early cancer detection from Raman spectra, using PCA, UMAP, and k-means clustering for dimensionality reduction and pattern identification in biological samples.
- Private Tutor – Mathematics & Computer Science** 2020 – 2022
 - Provided private tutoring in mathematics and computer science to high-school students.
- Bachelor's Thesis · University of Dschang, Cameroon** 2020
 - Developed a React Native mobile app for campus services, including canteen purchases and bus-ticketing, with Firebase backend integration.

EDUCATION

- Master in Data Science · Justus-Liebig-Universität Gießen** 2023 – 2026
- German as a foreign language · Philipps-Universität Marburg** 2022 – 2023
- German as a foreign language · Goethe-Institut, Cameroon** 2020 – 2022
- B.Sc. Computer Science · University of Dschang, Cameroon** 2017 – 2020
